

I am writing on behalf of KLOVE. I want to express the value it has on the community.

I enjoy the positive, clean & uplifting music it provides.

I believe there are many people whose lives are changed by the message broadcast on KLOVE, and that is the message that Jesus

loves them & there is hope for the future. If LPFM stations are replaced and KLOVE is no longer available, I believe that many people will be without a daily source of hope & love.

I believe that KLOVE is a public interest because this is America.

As Americans we are free to have a listener supported radio station that conveys the message of Jesus and love and hope. Many people have called into KLOVE over the years and have shared their testimony about how KLOVE's music & ministry have brought them hope and have picked them up when they were feeling hopeless.

PLEASE KEEP KLOVE ON THE AIR! IT IS A BEAUTIFUL MINISTRY TO PEOPLE HERE IN AMERICA & OVERSEAS!!!
